Record Boot Camp

Join SAMHSA for its inaugural live, online training series to help get substance use and mental health treatment organizations into shape to thrive in a digital health care environment!

**WHAT:** Six-week series of live, interactive weekly training sessions

**WHEN:** Wednesdays, February 10 – March 16, 3:00pm – 4:00pm ET

Week 1: Importance and value of EHRs – What are the real benefits?

Week 2: Assessing agency needs and capacity – Do I really need an EHR?

Week 3: EHR implementation – How do I get there from here?

Week 4: EHR testing and training – Preparing to go live!

Week 5: Privacy and security – How do HIPAA and 42 CFR Part 2 apply to EHRs?

Week 6: Preparing for success – EHR implications for operations and outcomes.

**REGISTER:** <http://bit.ly/1073o7Z>

**QUESTIONS:** Please contact [EHRbootcamp@abtassoc.com](mailto:EHRbootcamp@abtassoc.com)

Hear from the experts about the benefits of EHRs, what it takes to implement them, and tangible ways to overcome common implementation barriers. Take advantage of this opportunity to **get your questions answered** and make an informed decision.
